Creditor

MOTION TO SURRENDER SETTLEMENT

Now comes the Creditor and hereby moves this Honorable Court to ORDER the Trust Administrator of the GUC Trust to hereby surrender the entire remaining settlement for his portion of the GUC Trust, due to his present Economic Duress and Hardship, expressed in his letter to the Court, this in no way prejudices the Debtor, where as they have Securities for the full amount of the allowed and disputed claims, and the pro rata distributions are not made in a timely fashion, e.g. monthly, bi-monthly or quarterly,

Further the March 30, 2011 Plan makes no active contingencies made for the ending of all claims disputed, thus , allowing the payment of the allowed claims in Full here has created an atmosphere of Fraud, rescission or other pursuant to section 510(b) and other
